

A MESSAGE FROM SRS PRESIDENT

On behalf of the Board of Directors, the faculty, staff and the host of graduates serving churches throughout the country, I take this opportunity to invite you to SRS, the place to be. Come, and begin a most noble journey of preparing yourself to provide improved service in the Kingdom of Christ.

Perhaps you are planning a career in some phase of ministry. Or maybe you are simply seeking exposure to advanced instruction in some specific area. I want you to know that I have been there and we understand, respect and appreciate what you are doing.

We welcome you to SRS and to all the possibilities and opportunities we have to offer. We pledge to be here for you and to respond when you need us. Our administrative staff is committed to serving you and stands ready to assist you with any problem relating to your tour of studies at SRS. You are more than a number and/or a statistic. You are an individual at SRS. You are a person of value and importance. And you offer unparalleled hope for the future of the church.

Stick with us, we are going places together. We will span new theological horizons as we develop the skills of hermeneutics and we will explore the heights of kingdom based lifestyles. We will immerse ourselves in the evangelistic thrust that is taking the world by a storm in churches of Christ during these last days. We will team up on unsuspecting communities as we bring the SRS Campaigns to small communities and large metropolitan cities, changing the hearts of men and directing them to Jesus Christ.

We will savor opportunities for prayer meetings that will keep God as a constant guest in all our doings and plans. We will rejoice at victories and we will share together in the tragedies. We will love one another and be a blessing to those who struggle the most. We will invite a bit of heaven on the campus to drive out the demons of earthbound living.

We are elated you are contemplating studying with us and before your time is up you will be glad you enrolled.

Sincerely,

Dr. Loyd Harris
